

Maban Village Photovoltaic Project Bidding Information

Why is Benban building a photovoltaic power station?

The projects that are being implemented in Benban aim to mobilize investments to build the largest photovoltaic power station in the world. This has many advantages as it would help provide 6000 job opportunities and supply clean energy to 350000 houses. President Abdel Fattah El-Sisi opened the Benban transformer station.

How many solar power plants will ib vogt build?

At the end of January 2019, ib vogt commenced construction of a portfolio of three additional solar power plants with a total capacity of 166.5 MWp in Benban, Aswan Governorate, Egypt.
