

# Photovoltaic panel packaging wholesale factory direct sales

Will pvpallet revolutionize the way we ship solar panels?

At least that's our approach. PVpallet is the first solar shipping solution to revolutionize the way solar modules are handled and distributed.

Who is wholesale solar warehouse?

Wholesale Solar Warehouse is family-owned and operated by Charles and Lori Bushin Richmond, VA. We believe in doing business the old fashioned way with honesty and integrity. We believe that solar should be affordable to all people not just to the wealthy. Wholesale Solar Warehouse is your trusted partner for all your DIY solar projects!

What is a wholesale solar panel bundle pack?

Built with our large 230W grid tie solar panels, our wholesale solar panel bundle packs give you the ability to purchase all of the high-efficiency grid tie solar panels you need for your home, or for several installations, in a convenient package...at deep discount prices.

What sizes does pvpallet offer?

Watch the Full Product Demo. PVpallet's solar panel pallet is available in two sizes. Series X is designed for solar modules between 63.5" and 83.5" in length. Series XL is designed for larger 90" modules. Custom sizing is available upon request.

Are solar panel pallets reusable?

Adjustable, collapsible, reusable pallets engineered for solar panels. PVpallet's solar panel pallets, Series X and Series X.L, fit a range of panel sizes. These pallets are purpose-built with added features like protective sidewalls, a steel-reinforced base, and an efficient load management system.

What is the PVpallet Series X?

The PVpallet Series X allows for easier and safer deployment and decommissioning of solar microgrid systems. It also enables the acceptance and management of solar panel donations in a way that wasn't possible before. The fact that these units can be stacked two-high outside significantly increases storage capacity.
